

# Decible® Single

Decibel® is an oasis in the open office environment. It's perfect for making phone calls, video conferencing, or performing focused tasks. Integrated LED lighting and Quietflow™ ventilation make it as comfortable, as it is quiet.

## Product Overview

## Customize It Your Way

## Designed For You From The Inside Out

### Reducing Decibels.

Three layers of soundproofing material removes all distractions, giving everyone in the office a moment of peace.

### Keeping You Cool.

Quietflow™ Ventilation

Our proprietary QuietFlow™ system is designed to keep you cool, quietly circulating the air inside the booth every 3-4 minutes while ensuring sound doesn't escape.

### Power Outlets.

- 120v Outlet
- One outlet keeps you powered up for every charged work session.
- Ethernet
- Optional add-on ethernet port ensures you never miss a connection.
